

The Canadian Association of Alternative Strategies & Assets - CAASA

Aug 31, 2020

About CAASA

CAASA's mission

The Canadian Association of Alternative Strategies & Assets was formed to bring together alternative investment managers and investors, along with service providers, in a setting conducive to information sharing, discussion and networking, and collaborative initiatives.

About CAASA

Inclusiveness

CAASA represents a broad cross-section of public and private market participants whose offerings are distributed to true retail, Accredited Investor retail, family offices, endowments, foundations, public and private pension plans, and sovereign wealth funds.

Public markets includes hedge / alternative strategy asset managers such as managed futures / CTAs, long-short equity, equity market neutral, credit and fixed income funds with varying exposures and arbitrage strategies, multi-strategy, special situations, and others that deal in predominantly public / readily priced / quoted markets.

Private markets includes private lending (from factoring and revolvers to longer-term financing), direct and fund-structured real estate and development investments, private equity (including PE debt and PE real estate), alt alts such as weather derivatives, and other areas that may not be readily priced / valued.

About CAASA

Member benefits

For Investors – A network of pension plans, foundations, endowments, sovereign wealth funds, and family offices to network with on a formal and casual basis as well as resources for analyzing managers and services providers.

For Managers – Peer connection in areas such as fund structuring, sales & marketing, and regulatory issues. Access to investors (opt-in for investors) as well as exposure through panels and conferences targeted to particular groups.

For Service Providers – Relevant working groups, event participation / sponsorship, industry thought leadership, and interaction with a wide cross-section of manager and investors.

For Founders - A diverse network of peers and investors (SFOs and VC shops) that can power one's plans from start-up and beyond.

For All – Through our partnerships with the the Professional Centre and the CAIA Association, CAASA Classroom sessions and discounted space as well as access to CAIA's Alternative Investment Analyst Review and discounts on both courses.

About CAASA

From Local to Global – and back again

CAASA's activity is in all areas of Canada, from larger asset management hub, to those with major / a concentration of investors, to others where service providers congregate. Examples include: Toronto, Montréal, Québec, Halifax, Ottawa, Vancouver, Victoria, Calgary, Edmonton, and Winnipeg. It is important for a truly national organization to be engaged in all aspects and regions – and being present in these areas leads to important market intelligence and the ability to tailor CAASA's offering as well as provide insights to its members and stakeholders.

CAASA strongly believes that Canada is a leader in many areas of investment management and can learn from other countries' experts as well and providing domestic and foreign / overseas opportunities where global professionals and organizations can meet and exchange best practices & policies and work together on current issues and trends.

CAASA will organize major conferences in Canada and other events and forums elsewhere.

About CAASA

Governance and Structure

CAASA was created and is controlled by the membership and local staff for the benefit of members and the Canadian alternatives industry at large.

The association's Member Advisory Panel (MAP) works with its staff in formulating and adapting overall strategy, new and continuing initiatives, event and conference themes and formats, and creation of various Member Initiative Groups (MIGs) that focus on particular aspects and/or geographical areas in the Canadian alternatives industry.

CAASA staff are tasked with attending each meeting of the MAP and MIGs, providing logistical, thematic, format, and other support relating to the execution of its activities.

All meetings and activities are governed by the principles of inclusiveness, collaboration, fairness, and elucidation.

CAASA's Activities

CAASA's activities

CAASA serves and represents the alternatives industry in Canada by engaging in member-lead local and national initiatives in advocacy; investor, manager, and industry best practices & policies; committees and working groups dedicated to broad mandates as well as those uniquely Canadian and in areas of national or regional expertise; and production of thought leadership events, publications, and initiatives affecting the Canadian and global alternative investment landscape.

CAASA's Activities

CAASA Fund Investment Risk Methodology (FIRM)

A group of industry professionals including those in product approval, investment & operational due diligence, retail wholesaling, performance database management, investment advising, and legal advising support the creation of an alternative strategy and asset fund rating process which is comprehensive, relevant, and depicts the likely future return streams and risks in a cogent and understandable manner by their peers, regulators, and the investing public.

Liquid Alternatives – Supporting the proposed changes to NI 81-102 that will allow retail investors, through their advisors at IIROC and MFDA registrants, to access alternative strategies.

Private Lending – Providing a unified perspective on due diligence, diversification, and performance description for this growing area of investment.

Members include those from: BMO Nesbitt Burns, RBC Dominion Securities, Richardson GMP, Raymond James Canada, Bodhi Research, and others.

CAASA's Activities

Virtual Dataroom - Funds

Together with SigmaSandbox, we are proud to offer an enhanced experience to our Virtual Dataroom in which members can post their company bios and contact information as well as upload monthly performance statistics. A top-sheet can be generated and sent to clients and prospects and investors are invited to search the database of managers (with CAASA members prominently displayed) and perform what-if scenarios based upon their portfolio holdings and proxies.

This benefit is free for all CAASA members and features prominent display of members.

Virtual Dataroom - Start-Ups

CAASA offers discounted access to a data room (knightley.co) dedicated to pre-seed, seed, and pre-Series A Founder members. This database is scanned by investors in the U.S., Canada, and elsewhere and access to one's data can be managed in stages as one likes.

CAASA's Activities

Areas of activity

Diversity and Engagement – Alternative asset management often involves the creation, implementation, and monitoring of new and sophisticated trades, strategies, and asset classes. Being open to the best minds available allows the industry to innovate as well as take advantage of opportunities. Career panels, stock/idea pitch competitions, and other events aimed at students and particular groups will enhance our industry's place in career paths.

Prudent Processes & Policies – Providing input from leaders in operational and compliance roles at institutional investors, investment funds, and service providers and consultants, members and the public will receive 3P publications, panels and roundtables, and other programming to enable them to better comply with regulatory changes and investor requirements and preferences.

CAASA's Activities

Area of activity

Derivatives & Technical Training – Together with the Canadian Derivatives Institute (cdi-icd.org, formerly IFSID), CAASA's Research & Training Group develops training modules for corporate members' staff as well as those individuals within membership and the industry at large. Topics, formats, timing, and pricing is determined by the RTG and delivered by both academic and industry professionals in order to provide the most current curriculum and insights possible to those participating in the courses.

CAASA's Publications

Conference programs

Our **Family Office Summit**, **CAASA Annual Conference**, and **Wealth Managers' Forum** all include a program detailing the events speakers and schedule as well as a complete member directory including contact information (as applicable).

Annual Review

Around January 7 each year we publish our **Annual Review** with a comprehensive listing of all CAASA members in each category as well as a full listing of all of our activities of the previous year.

CAASA Partnerships

The Professional Centre

This serviced office floor is home to the CAASA offices and is available for our events and meetings.

Members looking for flexible, new, and affordable space in the core get an extra discount.

CAIA Association

We partner with many associations, but CAIA is close to our hearts as it is analogous to CAASA (pan-alternative) in the educational realm. All CAASA members have access to the Alternative Analyst Investment Review, CAIA's quarterly digital research digest and enjoy 10% off the CAIA charter exams (excluding the registration fee, about 200 hours of study x 2 levels) and USD200 off CAIA's fundamentals course (approximately 20 hours of study).

Back Office

Fees and Accounting

Healthy finances allow any organization to run at peak efficiency for all involved. As a non-profit organization, CAASA does not pay income tax, but does remit payroll, sales / HST, and other taxes as required by law. Staff have experience in these processes, which will be overseen by the Member Advisory Panel. An annual audit will be performed, the results and management discussion available to the membership.

CAASA's annual fee schedule was established to be as fair and equitable as possible for all members. Future iterations of the fee schedule will be determined by staff and the MAP and, in some instances, by or with input from broader membership.

Manager AUM will be calculated on alternative AUM including hedge, real estate, private lending, and private equity.

Fees

Fee Schedule (v2020.3)

Asset Managers (in CAD millions)

<\$50	\$50-\$100	\$100-500	\$500-\$1,000	>\$1,000	Long-only
\$1,250	\$2,100	\$3,150	\$4,200	\$5,250	\$1,250

Other Members

Prime Brokers, Legal, Admin & Audit	Other Consultants, Exchanges	Wealth Managers & Dealers (50+ reps)	Family Offices, Institutional Investors, & Wealth Managers & Dealers (<50 reps)
\$5,250	\$2,100	\$1,050	\$525

Employees of Family Offices, Institutional Investors, Investment Dealers, and Wealth Managers, as approved by CAASA, may register individuals as members for \$160 + applicable taxes per year.

Founders of Start-Ups may join as a corporate unit for \$200 per year, which includes a USD 50 discount to the knightly.co start-up platform. If in a competitive category of endeavour, Founders will be required to upgrade to Consultant or as applicable once out of start-up phase, as determined by CAASA. Founders category not available to Asset Managers.

Fees will be processed as listed plus applicable taxes.
