

Virtual CAASA Annual Conference 2021

Presented by: the Canadian Association of Alternative Strategies & Assets

CAASA
CANADIAN ASSOCIATION OF
ALTERNATIVE STRATEGIES & ASSETS

Program Sponsored by:

CIBC MELLON

**Tuesday, November 16th, Wednesday, November 17th, & Thursday, November 18th
Plus Additional Meeting Day: Friday, November 19th**

FORGING INVESTOR PARTNERSHIPS IN ALTERNATIVE CREDIT

Napier Park is a \$13.7bn independent alternative asset management firm focused on investment opportunities in alternative credit. Strategies range from credit funds covering all major US and European markets with AUM of \$5.4bn, a CLO platform with \$6.6bn under management, to Private Equity and Leasing strategies managing \$1.8bn of capital. The senior team have spent over ten years developing the firm to take advantage of the post-crisis world of intermittent liquidity and volatility driven by regulatory change. Investors look to Napier Park for uniquely-packaged credit exposures that offer an attractive absolute return while structurally limiting downside risk.

WELCOME TO OUR IN-DEPTH LOOK INTO ALL THINGS ALTERNATIVE

The CAASA Annual Conference brings together speakers and participants from public and private pension plans, sovereign wealth funds, foundations & endowments, single and multi-family offices, investment dealers, Canadian and global investment management houses, and affiliated service providers. Panels and sponsored table talks sessions will focus on key issues facing investors worldwide including structuring, legal & tax issues, IT and operational areas, and investments - including: hedge funds, CTAs, private equity, private lending, real estate, infrastructure, and crypto-assets/blockchain-related investments. All content is subject to Chatham House Rule.

THANK YOU TO OUR SPONSORS

VIRTUAL CAASA ANNUAL CONFERENCE - 2021 | 3

ABOUT CAASA

We seek to deliver operational excellence, improve transparency and align ourselves as a strategic partner to private equity sponsors across a wide array of strategies.

For more, listen to the CIBC Mellon Industry Perspectives podcast episode, **Private Markets: Trends and Themes in the Current Environment**

<https://anchor.fm/cibcmellonperspectives>

©2021 CIBC Mellon. A BNY Mellon and CIBC Joint Venture Company. CIBC Mellon is a licensed user of the CIBC trade-mark and certain BNY Mellon trade-marks, is the corporate brand of CIBC Mellon Trust Company and CIBC Mellon Global Securities Services Company and may be used as a generic term to reference either or both companies.

CIBC MELLON

INCLUSIVE, ACTIVE, AND PAN-ALTERNATIVE

The Canadian Association of Alternative Strategies & Assets (CAASA) was created in response to industry requests for a national group to represent the Canadian alternative investment participants, including investors, asset managers, and service providers. CAASA is **inclusive** in that it welcomes participation from all companies active in the space as well as select individuals (those with investors) who might want to participate in committees and working groups - or simply attend member events - without their employer being a member of the association. CAASA is very **active** in both committees & groups and events: 45+ events, including this conference, have occurred or are planned in 2019. **Pan-alternative**, for CAASA, encompasses all alternative strategies and assets including: hedge funds / alternative trading strategies, private and public real estate (funds and direct), private lending, private equity, development & project finance, digital assets / crypto-assets, weather derivatives & cat bonds, and all aspects of diligence, trading, structuring, dealing, and monitoring alternatives in a stand-alone portfolio and as part of a larger investment strategy.

MEMBER BENEFITS

Investors join CAASA to be a part of a formal network of pension plans, foundations, endowments, sovereign wealth funds, and family offices to discuss ideas, strategies, and operational issues particular to their businesses - all within a closed group where managers and service providers may or may not be included, depending on the forum.

Managers see the association as a way to connect with peers, investors, and service providers to speak to fund structuring, sales & marketing, and regulatory issues. CAASA is not a capital introduction platform, but we do create forums where investors and managers can meet organically or via structured meeting sessions, such as at this conference, where participation by the investors is strictly opt-in.

Service providers participate in our events and working groups as well as assist in the production of thought leadership pieces which provide relevant information to both association members and the industry and investing public at large.

Founders receive exposure via our member directory, participating in our various Founders' Pitch Competitions, speaking on panels, taking part in podcasts, and being involved in a very active network.

NATIONAL AND GLOBAL

CAASA believes that the Canadian alternatives industry has a great deal to offer Canadians and the global community. The *Canadian Model of Pension Management* is well-known for its large alternatives focus, managed in-house in many cases with substantial allocations to external managers as well. Canadian investment managers operate in a robust regulatory regime (of hedge fund managers) that is becoming the norm across the globe and a stable banking back-drop that provides solace for investors as well as opportunities for managers. Talent in investment management (approximately 10% of all CFA charterholders reside in Canada) as well as newer areas such as digital assets and robo-advisory services are a differentiator. Of course, Canadian investors and managers are keen to learn of best practices in operations and portfolio management from their global peers.

Read more at caasa.ca - or contact us at +1 (647) 953-0737 or caroline@caasa.ca

ALL **READY** in the future...

Everything just changed again.

Again. Now more than ever, leadership will be about agility, enabled by the RIGHT tech.

Is your firm ready for the NEXT new normal?
Visit **Clearing.Fidelity.ca/CAASA** to download our eBook for wealth management pros – and see how Fidelity Clearing Canada innovates to drive YOUR success.

FORMATS FOR THE DAYS

A PLETHORA OF WAYS TO LEARN AND INTERACT

TÊTE-À-TÊTE MEETINGS

This is your opportunity to schedule one-on-one meetings with any conference delegate. All matching MUST be completed by end of day on Monday, November 15th to ensure the scheduling software has time to confirm the meetings and each one is served up to you at the right time.

You can schedule as few or as many (up to 43, 20-minute meetings over the 4 days): each day November 16th, 17th, and 18th as well as all day (8am - 6pm) on November 19th. Over the years we received feedback that these are possibly the best part of our conferences as it gives folks an opportunity to connect away from the scheduled panels and meal times and really drill down into their respective interests. The software automatically suggests times that are mutually convenient for both parties.

Anyone can book a meeting with any other delegate. Please decline meetings that you might not be interested in or able to commit too - then the other party can invite another to chat. And if you are interested, you're free to connect via our messenger or ask for their email (we DO NOT release delegate contact information, so you'll have to ask for it or send yours along to them and await a response).

All meetings will be scheduled via the CAASA All-in-One Virtual Platform. Meetings must be completed by noon on Monday, November 15th to ensure entry into the virtual room.

TABLE TALKS

We do not sell paid-for speaking spots, preferring delegates to choose when they might like to hear from sponsors. Table Talks are 20-minute sessions where anywhere from 2 to 30 delegates can get a briefing on a topic and participate in an interactive discussion. As with all of our events, we refrain from pay-to-play and draw all speakers from membership and prefer audiences to opt-in to more niche discussions, as will be delivered at the Table Talks.

Attendees can choose up to three sessions out of each of the many offered on November 16 & 17. **Titles/topics of each session will be published on the CAASA All-in-One Virtual Platform, also where attendees will register for their desired sessions. This must be completed by noon on Monday, November 15th to ensure entry into the virtual room.**

TUESDAY, NOVEMBER 16TH

8:00 AM	<i>Tête-à-tête meetings (2 x 20-minute meetings)</i>
8:40 AM	Platform & Curriculum Overview Ranjan Bhaduri , Bodhi Research Group, James Burron , CAASA

INVESTING IN THE EVERYDAY.

ALTERNATIVE IN THOUGHT. PRACTICAL IN ACTION.

We’ve spent over 15 years honing our methodical, strategic approach to investment across: multi-family residential, Canadian farmland, self-storage and commercial real estate assets — amassing over **\$3 billion** in AUM across Canada and recently the US – an approach that is grounded in discipline on the tried, tested, and true.

Our interests are aligned with our stakeholders, grounding our decision-making in a way that benefits our investment community. And our approach to investing in and operating **everyday** assets and amassing equity is not only logical, it’s quantifiable and replicable.

HIGHLIGHTED MEMBERSHIP CATEGORY

GLOBAL PARTNER

As we continue to innovate in an effort to bring more value to members than ever before, we added an additional exposure category for select members: Global Partner.

As a Global Partner, **Napier Park Global Capital**, is featured prominently at three of our signature conferences in 2021.

As is our tradition, we treat all members equally for our speaking opportunities (191 in 2019 and 470 in 2020, and ~600 in 2021) and Global Partners are afforded the same propensity to speak on and moderate panels and participate in podcasts.

Any CAASA member this is interested in becoming a Global Partner should contact the CAASA office. More information can also be found in our **Planning 2022** document.

(START-UP) FOUNDER

We have had a great deal of interest from start-up founders to be involved with our events and initiatives over the last few months - especially as we are active in the family office / angel network and venture capital funds.

To this end, we have created a Founder category to cater to this type of member. We will also feature Founder members on our panels and podcasts and organize special events for them to connect with funding sources and source best practices and great ideas from peers and others.

The intent is to work with true start-ups and give them access to great content and connections and CAASA reserves the right to require certain companies that might be better categorized as managers or service providers - especially if they might be considered mature or with substantial backing - to be so categorized and pay the relevant fee.

Energize your Funds by Powering Up with TSX NAVex

tsx.com/trading/tsx-navex

Figment

Institutional grade staking for your investment portfolio.

Figment has built an advanced blockchain platform by applying 30+ years of real world experience. Trusted by over 110+ institutions, we support over 45+ protocols which form the backbone of Web 3, decentralized finance, and stable financial returns.

Contact | figment.io

CONFERENCE POLICIES

PRIVACY & SECURITY

Typically, we do not release the names of individuals attending CAASA events - including to sponsors and speakers at events - although we may disclose the employers of attendees, except for those working at single family offices which are redacted. For this gathering, of course, all delegates have access to the individuals' names and employers for the purpose of scheduling meetings and booking seats at Table Talks. However, **we never release the email addresses or phone numbers of attendees**; asking instead that folks reach out via the mobile app / web portal or other means such as corporate websites or services such as LinkedIn. We can pass on contact requests to another party, without any guarantee of a response.

To ensure the security of information and views expressed during the summit panels and other sessions, we use a scheduling platform that integrates pre-recorded and live video so that all attendees can easily connect during the tête-à-tête sessions, Table Talks, and plenary times. Since attendees will be identified as their login name for each session, **if we see duplicate names or believe another person is using a delegate's login, we will terminate transmission and investigate** - and ask attendees to let us know if they see something suspicious.

All tête-à-têtes and Table Talks will not be recordable via the site and all plenary sessions will only be broadcast live. Recordings of any of the proceedings will not be released post-event in order to keep the live-feel of an in-person event and ensure that potentially sensitive information inadvertently communicated does not go further. **All of our sessions are strictly Chatham House Rule** and we ask all delegates to refrain from using screenshots and other archival methods as well as not tweeting or using other social media concerning any of the speakers, topics, or information communicated. Any communication should be broad and general and have absolutely no attribution of any notions to any speaker. If one wishes to use social media about the Family Office Summit generally, **our preferred hashtag is #CAC2021.**

SPECIAL SPEAKERS

ELDER & PROFESSOR SHIRLEY WILLIAMS/MIGIZI OW-KWE PROFESSOR EMERITA TRENT UNIVERSITY, CHANIE WENJACK SCHOOL FOR INDIGENOUS STUDIES

Elder Williams is Midewiwin and a member of the Bird Clan from the Wikwemikong Unceded Territory on Manitoulin Island. She credits her parents and Elders for teaching her the language and knowledge of her people, motivating her to teach the language and giving her the framework upon which to do so. A survivor of Canada's residential school system, Elder Williams vowed to always make learning inspirational and fun for her students.

Identified by former Governor General Adrienne Clarkson as a Role Model for Survivors, Elder Williams is Professor Emerita at Trent University in Peterborough, Ontario, where she has taught and researched the Anishinaabe language since 1986. She is the only Indigenous person in Canada to achieve the rank of full Professor as a Dual Traditional Scholar, recognizing her traditional Indigenous knowledge, as well as her outstanding research and publication record.

Elder Williams is a Student Cultural Advisor at the University of Ontario Institute of Technology and at Durham College. She also contributes as an Elder at Trent University and Sir Sandford Fleming College's campuses in Peterborough and Lindsay. She continues to design and deliver language and cultural knowledge courses.

Elder Williams has published important Anishinaabemowin-language teaching resources on topics ranging from animals to hockey to treaties through her own publishing firm, Neganigwane Co. She contributes simultaneous translation services for various organizations including the Ontario Ministry of Education, Indigenous and Northern Affairs Canada, Heritage Canada and the Union of Ontario Indians. She advises the Chiefs of Ontario and Aboriginal Physicians of Canada on health programming.

Her work has resulted in significant service delivery changes in major regional health-care centres in Sudbury and most recently, Toronto General Hospital.

As an early advocate of computer technology as a teaching tool, one of Elder Williams' first significant publications was a language CD-ROM using hockey as a platform to engage Elders and youth in learning the Ojibwe language and sharing intergenerational knowledge.

In 2016, she received the Canadian Union of Public Employees Award for Excellence in Teaching, confirming the integral role Elders play in the learning environment of universities.

A lifelong learner, she is currently working towards her second-level Midewiwin degree. She holds a Bachelor of Arts degree in Indigenous Studies from Trent University, a Native Language Instructors diploma from Lakehead University, a Certificate in Curriculum Development from the University of Oklahoma and a Master in Environmental Studies degree from York University.

Gchi miigwech, Elder Shirley Williams, for all you do for your community.

SPECIAL SPEAKERS

PROFESSOR DONNA STRICKLAND NOBEL LAUREATE, PHYSICS & PROFESSOR UNIVERSITY OF WATERLOO

Donna Strickland is a professor in the Department of Physics and Astronomy at the University of Waterloo and is one of the recipients of the Nobel Prize in Physics 2018 for developing chirped pulse amplification with Gérard Mourou, her PhD supervisor at the time. They published this Nobel-winning research in 1985 when Strickland was a PhD student at the University of Rochester.

Strickland earned a B.Eng. from McMaster University and a PhD in optics from the University of Rochester. Strickland was a research associate at the National Research Council Canada, a physicist at Lawrence Livermore National Laboratory and a member of technical staff at Princeton University. In 1997, she joined the University of Waterloo, where her ultrafast laser group develops high-intensity laser systems for nonlinear optics investigations.

Strickland served as the president of the Optical Society (OSA) in 2013 and is a fellow of OSA, SPIE, the Royal Society of Canada and the Royal Society. She is an honorary fellow of the Canadian Academy of Engineering and the Institute of Physics and an international member of the US National Academy of Science. Strickland was named a Companion of the Order of Canada.

SPECIAL SPEAKERS

LAURA FORTINO

OLYMPIC GOLD MEDALIST & WORLD CHAMPION - WOMEN'S HOCKEY HOCKEY CANADA & CANADIAN WOMEN'S HOCKEY LEAGUE

Laura Fortino has been wearing the maple leaf in international competitions since 2008. That year she won the first of two straight silver medals at the IIHF U-18 Women's World Championships. After several appearances with the national under-22 team, Fortino debut with the National Women's Team in 2011, which included a silver medal at the Four Nations Cup. She would make her world championship debut in 2012 as part of the gold medal-winning squad and returned to win world championship silver in 2013.

She made her Olympic debut at Sochi 2014, where she assisted on Marie-Philip Poulin's overtime winner that gave Canada its fourth straight gold medal in women's hockey. She then helped Canada win three straight silver medals at the world championships in 2015, 2016 and 2017 before winning Olympic silver at PyeongChang 2018. She was Canada's top-scoring defenceman at the 2016 Worlds with one goal and two assists.

Fortino played her collegiate hockey at Cornell University. During her freshman season in 2009-10 she led all NCAA defencemen in scoring and helped her team reach the national championship game before losing in triple overtime. Over each of the next two seasons, Fortino and Cornell would return to the NCAA Frozen Four while she was named a First Team All-American and a top-10 finalist for the Patty Kazmaier Award as the top female player in NCAA hockey. Fortino was selected first overall in the 2014 CWHL Draft by the Brampton Thunder and played in the inaugural CWHL All-Star Game as a rookie. In 2015-16 she was named CWHL Defenceman of the Year and was a finalist for the CWHL MVP Award after leading the league's defencemen in scoring.

Fortino is now exploring her Masters of Education to one day be an educator within the school board and is a player development coach for the Ontario Hockey League's Hamilton Bulldogs.

SPEAKER BIOGRAPHIES

Thank you to our many speakers, presenters, and those who added their themes and topics, panel and non-industry speaker ideas, and other invaluable input!

SPEAKER BIOGRAPHIES

Ryan Abrams, CFA, FRM
Senior Portfolio Manager
 Exelon Corporation

Ryan Abrams is Senior Portfolio Manager at Exelon Corporation. In this role, he supports developing investment strategy and asset allocation for Exelon's various investment trusts. He is also responsible for sourcing, implementing, and monitoring all of Exelon's public equity investments, as well as investments with hedge funds and other uncorrelated strategies. His areas of interest include alpha-beta separation, portable alpha, risk parity, risk-based asset allocation, and overlay strategies.

He earned his Master of Arts from the University of Texas at Austin, Bachelor of Arts from the University of Notre Dame, and holds the Chartered Financial Analyst (CFA) and Financial Risk Manager (FRM) designations.

Pierre Barber, CFA
Portfolio Manager, Private Assets
 Canadian Medical Protective Fund

Pierre is a Portfolio Manager of Private Assets for the Canadian Medical Protective Association (CMPA). The CMPA is a not-for-profit association in Canada that protects Canadian physicians against malpractice suits and promotes safe medical care in Canada. Prior to joining the Private Assets team, Pierre helped manage the public assets at the CMPA. Before joining the CMPA, Pierre worked at MD Management. Pierre is a CFA charterholder and is a former Board member of the CFA Ottawa Society.

Pierre has an honours degree in Mathematics from McMaster University.

Kalina Berova, CFA
Portfolio Manager – Partnership Portfolio
 British Columbia Investment Management Corporation (BCI)

Ms. Kalina Berova has over 18 years of investment and risk management industry experience. Currently, Kalina works as a Portfolio Manager in the Partnership Portfolio of BCI, responsible for investments across absolute return and long only strategies. With \$199.6 billion in assets under management, British Columbia Investment Management Corporation (BCI) invests on behalf of BC's public sector.

Previously, she was a visiting researcher at Bodhi Research Group, focusing on areas such as diligence of newly launched alternative investment firms, best co-Investment practices, alternative portfolio benchmarking, and etc. Prior to that, Kalina was part of the External Relationships Team at the New York office of OMERS, where she gained investment experience across a broad range of traditional and niche hedge fund strategies, long-only funds, custom alternative investment solutions, and private equity funds & co-investments.

Kalina began her career at the Ontario Teachers' Pension Plan in the Asset Mix and Risk Group, where she developed expertise in the areas of portfolio construction and risk management of both alternative and traditional asset classes and investment strategies.

SPEAKER BIOGRAPHIES

Dr. Ranjan Bhaduri, PhD, CFA, CAIA
Founder & CEO
 Bodhi Research Group

Dr. Ranjan Bhaduri is the Founder & CEO of Bodhi Research Group. Bodhi Research Group is focused on research and education in the alternative investments industry.

Dr. Bhaduri has extensive experience in manager research, portfolio management, and due diligence (investment, operational, and structural). Dr. Bhaduri has designed and implemented an institutional due diligence and research program. Dr. Bhaduri's experience includes being on an Investment Committee at Morgan Stanley Private Wealth Management where he conducted due diligence and helped design customized portfolios of Alternatives. Earlier, he was at a Canadian Fund of Funds, and at a multi-billion dollar capital management firm where he was involved in all aspects of its fund of hedge funds and structured finance business. He has also worked with two major Canadian investment banks in the Financial Strategy Consulting Group and in Global Risk Management & Control, respectively. He has collaborated closely with many pensions and sovereign wealth funds on a variety of portfolio matters.

Dr. Bhaduri has a winning track record of leadership and training. Several of his former analysts and interns have gone on to have successful careers and have held positions at prestigious organizations, including the following firms: Ontario Teachers' Pension Plan, Goldman Sachs, J.P Morgan, Exelon Corporate Pension, US Securities and Exchange Commission (SEC), and Crabel Capital Management.

Dr. Bhaduri has held an advisory role at the East-West Center, a leading think tank on the Asia-Pacific region. He has taught finance and mathematics at several universities and lectured on Derivatives for the Montreal Exchange. Dr. Bhaduri has taught parts of the CFA Curriculum for Allen Resources. Dr. Bhaduri has published papers on, and been invited to speak worldwide regarding hedge fund issues, and advanced portfolio and risk management techniques. Dr. Bhaduri was invited by the CME to be part of a special delegation that met with regulators in Beijing and Taipei to discuss hedge fund issues.

Dr. Bhaduri holds both the CFA and CAIA charters. He is a member of the American Mathematical Society, the Mathematical Association of America, and the Toronto CFA Society. Dr. Bhaduri previously served as a member of the All About Alpha Editorial Board, the CAIA Chicago Chapter Executive, on the Board of Directors of AIMA Canada, co-chair of AIMA Canada Managed Futures Committee, and on the AIMA Global Research Committee. Dr. Bhaduri is an avid ice hockey fan and ACBL Silver Life Master in Bridge.

SPEAKER BIOGRAPHIES

James Burron, CAIA
President & Co-founder
CAASA

James co-founded CAASA in response to industry support for a Canadian alternatives association to serve all aspects including: hedge / alternative strategies; private lending; private real estate; private equity; plus emerging areas where Canada is a leader such as digital assets / blockchain and robo-advisors.

Prior to CAASA, James was the Chief Operating Officer of AIMA Canada where his team of three worked with 12 committees to produce 50-60 events per annum across Canada, organized 100+ committee meetings, and increase member numbers over his 7-year tenure from 66 to 164 corporate entities.

James currently sits on the Canadian Investment Funds Standards Committee (CIFSC), which categorizes mutual funds and alternative mutual funds (aka liquid alternatives) for the retail space in Canada. He is also called upon by membership and industry groups to speak to risk ratings and portfolio placement of all types of alternative investments.

James also has experience in research and writing for the CAIA Association (holding the designation since 2006) as well as serving on CAIA's exam council and as a grader for the Level II portion of the exam. He had roles in institutional sales and FoHF structuring in Seoul, South Korea, as a Product Manager at ICICI Wealth Management, and as an Investment Advisor at RBC Dominion Securities. James graduated from Simon Fraser University with a BBA (Finance).

Caroline Chow
Vice President & Co-Founder, CAASA
Founder, HappyHealth

Caroline is Vice President and co-founder of the Canadian Association of Alternative Strategies & Assets (CAASA). She works closely with members to establish and grow the Association's initiatives both within Canada and abroad. She serves a broad range of alternatives such as liquid alts, private lending, real estate and digital assets.

Previously, she spent 5 years at AIMA Canada and during this time, corporate membership, events and committee engagement were doubled.

Caroline is also a certified Culinary Nutrition Expert (CNE) and Les Mills RPM instructor. When she is not contributing to the Canadian Alternatives industry, she provides education, consulting and workshops through her brand, Happy Health.

She is an Honours graduate of the Academy of Culinary Nutrition as well as the University of Waterloo, holds a degree in Honours Economics with a Finance Specialization and has completed the Canadian Securities Course (CSC).

Partner
Clocktower Group

Wei is the lead partner for Clocktower's public markets practice and leads its initiatives in China. He is a member of the firm's management and investment committees. In 2011, Wei joined Clocktower Group as a risk analyst, improving the risk monitoring functions for its fund of funds product. In this role Wei was an integral part of developing Clocktower's proprietary risk system, Abacus. In 2013, Wei's role expanded, and he became the Head of Risk, overseeing the firm's risk management function more broadly. This role included hedge fund manager position-level risk measurement, manager monitoring, risk management due diligence, and broader positioning summaries of the global macro hedge fund community.

In 2018, Wei became a Partner, managing the investment due diligence for Clocktower's macro seeding platform and advising clients on their hedge fund portfolios across asset classes. Also, around this time Wei began to develop Clocktower's China business by building a robust local network and developing an on-the-ground research effort in the region. Today, Wei leads Clocktower's public markets group, which houses both the macro and China hedge fund investment teams who cover all manager research and manager monitoring. Prior to joining Clocktower, Wei was a part of Seal Capital, a global macro hedge fund based in Los Angeles. He started as a Risk and Systems Analyst, building up various risk measurement models from scratch across all asset classes, with a particular focus on fixed income and FX. During his second year, Wei's role expanded to include risk manager and desk quant responsibilities, monitoring portfolio risk, and providing market-related analysis.

Wei started his career in 2009 at Trust Company of the West ("TCW"), a \$180 billion investment management company. He worked on the Mortgage-Backed Security ("MBS") desk, supporting the research team on various projects.

Wei graduated from the University of Southern California in 2009, with a MS in Mathematical Finance. Wei received a Bachelor of Science in Mathematics from Fudan University in Shanghai, China. At the age of 16 Wei received first prize and became the National Olympia Champion in China. He also holds a Financial Risk Manager distinction and the Chartered Financial Analyst designation.

Dr. Robin Lundgren, PhD

Quantitative Analyst
The Fourth Swedish National Pension Fund (AP4)

Dr. Robin Lundgren is a Quantitative Analyst working at the Fourth Swedish National Pension Fund (AP4). Robin has been working at AP4 for almost two years where he is working with portfolio construction and expected return modelling. Robin Lundgren is also responsible of the internal quantitative platform.

Prior to AP4 Robin has been responsible for developing and designing a risk system used by mutual funds. In that system Robin was responsible for all market and liquidity models in the system.

Robin defended his PhD thesis in applied mathematics with title "Convergence of Option Rewards" in 2010.

SPEAKER BIOGRAPHIES

Yasir Mallick, CPA, CA, CFA, CAIA
Senior Portfolio Manager
 UBC Investment Management Trust

Yasir Mallick plays a lead role in sourcing, monitoring, and evaluating external managers across both public and private markets. In addition, to manager selection and portfolio construction Yasir leads various strategic projects including governance, corporate strategy, investment framework, and redesign of investment related processes and procedures.

Yasir joined UBC IMANT in 2020. In his prior role with KPMG, he was responsible for leading the target operating model design and implementations for Asset Management clients which included design and implementation of a new target operating model and new order management system for one of Canada's largest pension funds. In addition to delivery within Management Consulting, Yasir was also part of the KPMG Sustainability Team carrying out ESG and Responsible Investing due diligence engagements for private market investments executed by one of Canada's largest pension funds.

Prior to KPMG, Yasir spent three years as a member of the Senior Investment Team and the Head of Private Markets at University Toronto Asset Management and six years at Ontario Power Generation (OPG) where he held various positions within the Finance and Treasury group including leading the total portfolio management and risk management group overseeing OPG's \$30B investment portfolio.

Yasir holds both a Bachelor of Commerce (B. Comm) and a Masters of Finance (MFin) degree from the University of Toronto. Yasir is a member of the Chartered Professional Accountants of Ontario (CA, CPA) and holds the Chartered Financial Analyst (CFA) and Chartered Alternative Investment Analyst designations (CAIA).

Elena Manola-Bonthond
Chief Investment Officer
 CERN Pension Fund

Elena Manola-Bonthond, PhD, MBA, is Chief Investment Officer of the Pension Fund of CERN, the European Organization for Nuclear Research, based in Geneva, Switzerland. The Fund manages approximately 5 billion Swiss francs in assets, both internally and externally. Elena has played an instrumental role in defining and implementing an investment governance framework optimised for dynamic risk management.

Before joining the CERN Pension Fund, Elena worked in CERN's science sector where she was in charge of safety and risk management systems of CERN's flagship installation, the Large Hadron Collider (LHC). Before that, she worked as a research physicist at CERN.

Elena holds a PhD in particle physics from the University of Savoie, France and an MBA in international management from the University of Geneva, Switzerland. She is a CAIA charterholder.

SPEAKER BIOGRAPHIES

Dr. Millan Mulraine, PhD
Chief Economist
 Ontario Teachers' Pension Plan

Millan Mulraine joined Ontario Teachers' in 2016 as the Chief Economist, after close to 10 years with TD Securities, most recently as its Deputy Chief US Economist in New York, where he was responsible for directing U.S. economic research and rates strategy. Millan leads the Economics Research Group at Teachers' and is responsible for designing and conducting analytical macro-oriented research aimed at providing thought-leadership within Teachers' on global economic, policy, financial market and geopolitical issues to inform key Total Fund decisions on major investment themes and risks.

Millan is also very passionate about inclusion and diversity issues and leads the Multicultural@Teachers' Employee Resource Group, aimed at fostering an inclusive and diverse community at Teachers', as well as building bridges with external partners to advance inclusion and diversity in our broader finance community.

Millan holds a BSc in Economics and Statistics from the University of the West Indies in Jamaica, an MSc in Economics from the University of Warwick in England, and a Ph.D. in Economics from the University of Toronto.

Dr. Davide Sabatini, O.D.
Solutions Engineer
 Bodhi Research Group

Dr. Robin Lundgren is a Quantitative Analyst working at the Fourth Swedish National Pension Fund (AP4). Robin has been working at AP4 for almost two years where he is working with portfolio construction and expected return modelling. Robin Lundgren is also responsible of the internal quantitative platform.

Prior to AP4 Robin has been responsible for developing and designing a risk system used by mutual funds. In that system Robin was responsible for all market and liquidity models in the system.

Robin defended his PhD thesis in applied mathematics with title "Convergence of Option Rewards" in 2010.

SPEAKER BIOGRAPHIES

Lindsay Saldanha, CFA
Associate Portfolio Manager
OPTrust

Lindsay Saldanha is an Associate Portfolio Manager on the Sustainable Investing and Innovation team at OPTrust, one of Canada's largest pension funds managing net assets of over \$23 billion. The Sustainable Investing and Innovation team is establishing and executing on a new investment strategy to put capital to work across asset classes in innovative areas that support OPTrust's long-term sustainability, starting with opportunities stemming from climate change.

Prior to joining OPTrust, Lindsay was Assistant Portfolio Manager on the Infrastructure Debt team at Fiera Capital, a member of the Fiera Impact Investment Committee and managed the infrastructure debt sleeve of the Fiera Global Impact Fund. Prior to joining Fiera Capital in 2017, Lindsay was Senior Investment Analyst on the Project Finance and Infrastructure Team at Manulife Financial after successfully completing Manulife's Investment Division Rotational Program.

Lindsay holds the CFA (Chartered Financial Analyst) designation from the CFA Institute, and earned a Bachelor of Science Degree from McGill University, majoring in Mathematics.

Marco Salerno
Previously Sr. Research Associate
BMO Financial Group – Finance Research & Trading Lab

Marco is completing his PhD studies in Finance at the University of Toronto – Rotman School of Management.

Throughout his studies, he focuses on empirical, theoretical asset pricing with a focus for portfolio allocation. His notable working papers include the topic of stable equities, portfolio tilting, factor investing, measuring economic policy uncertainty, portfolio construction theories, corporate finance topics such as financial distress, the relevance of financial covenants on contract design, and agency conflicts in investments. He has presented in the top finance conference in the world such as the American Finance Association annual conference and the European Financial Association annual conference. He also presented to the Pacific Center for Asset Management in the CIO advisory panel earlier this year on the topic of portfolio tilting. Most recently, he was invited to present to Wolfe Research, a consultancy firm that our Public Equities team has utilized for alpha strategies, as a subject matter expert on a research paper on the implication of the cross-sectional variation of US states policies on economic and financial variables. In that paper he uses textual analysis and machine learning techniques.

He has numerous working papers that are currently under review at various journals (i.e. Journal of Financial and Quantitative Analysis, Review of Corporate Finance Studies, etc.) and he serves as an ad-hoc academic referee for the Journal of Empirical Finance.

Prior to his studies, he worked full-time for 5 years at the University of Toronto – Rotman School of Management as a Sr. Research associate in the BMO Financial Group Finance Research and Trading Lab. In there he spearheaded the continuing software development of the Rotman Interactive Trader (RIT) platform that was used as a trading platform for educational purposes.

SPEAKER BIOGRAPHIES

Akobe Sandy, CFA
Impact Investment Officer
Robert Wood Johnson Foundation

Akobe Sandy joined the Robert Wood Johnson Foundation (RWJF) in 2021, bringing his extensive experience in investment management and socially responsible investments to his role as an impact investments officer. His work bridges capital gaps for under-invested people and communities and employs impact capital to advance RWJF's longstanding history of championing solutions that further opportunities for equitable health and well-being.

Previously, Sandy was an impact investments senior associate for the John D. and Catherine T. MacArthur Foundation, where he helped manage MacArthur's \$500 million impact investments portfolio, including Benefit Chicago, a \$100 million fund advancing economic development throughout the Chicago region. He also developed new grantmaking within MacArthur's Impact Investments program to advance racial equity and expand inclusive investment practices.

Before joining MacArthur, Sandy spent several years as an investment banker with KPMG Corporate Finance and Madison Street Capital, a middle-market investment bank. Within this role, he advised on mergers and acquisitions and capital-raising transactions across several industries. Previously, he provided research and analysis on hedge funds and commodity trading advisor (CTA) strategies with AlphaMetrix, an alternative investment management firm.

Sandy received a BA in Political Science from Yale University and is a Chartered Financial Analyst (CFA). He is a 2019 IMPACT Leadership Fellow of the Chicago Urban League and University of Chicago Booth School of Business.

Sandy currently lives in suburban Chicago with his wife and young son. Born in Trinidad and Tobago but raised in Brooklyn, N.Y., he is excited to return to the East Coast with RWJF. He is an avid traveler, a reformed DJ, and a documentary enthusiast.

SPEAKER BIOGRAPHIES

Dr. Des Saraph, PhD

Researcher

Yale University & Stanford University

Dr. Des Saraph is a researcher and modeler with experience designing, developing, and deploying to production scalable, distributed machine learning (ML) systems and quantitative trading strategies. While currently on garden leave, Des is collaborating on academic research with faculty at Stanford University and Yale University. His research interests are broadly at the intersection of machine learning and social science. In one of his current projects, he is researching the relationship between companies' public disclosure and Environmental, Social, and Governance (ESG) policies. From 2015 to earlier this year, Des was at Two Sigma, where he researched and developed quantitative alpha strategies across asset classes by applying innovative modeling techniques to complex datasets. Des has served as a hands-on technical advisor and mentor through the Insight Fellows program for Ph.D. graduates transitioning to industry careers. He has advised on data science and machine learning (ML) best practices and creative solutions for real-world problems in a wide range of areas including predictive analytics, computer vision, time series, recommender systems, clustering, and natural language processing (NLP). Des completed his Ph.D. at Stanford University, where he applied NLP and ML at scale to structured and unstructured corporate disclosure data to better understand incentives and actions of managers and predict future financial performance of companies, with the end goal of informing and improving investor decisions. Prior to Stanford, Des was a management consultant at Oliver Wyman serving Fortune 500 clients in US and international markets with data-driven, insightful, and actionable results including competitive intelligence, salesforce performance uplift, optimal variable annuity product pricing, and accurate investment benchmarks.

Des holds a B.Math. and M.Math. from the University of Waterloo and a Ph.D. from the Stanford Graduate School of Business. During his school years, Des actively participated in numerous mathematics, science, and geography competitions. He won the national championships of the Canadian Geographic Challenge and was a member of the four-person Canadian team that won gold at the National Geographic World Championship.

Jane Segal, CFA

Portfolio Manager

Healthcare of Ontario Pension Plan

Jane Segal is a Portfolio Manager at the Healthcare of Ontario Pension Plan (HOOPP). Jane joined HOOPP in 2020 to build out the External Managers program and, prior to HOOPP, helped oversee the external managers portfolio at the Ontario Teachers' Pension Plan. Jane started her career at the Royal Bank of Canada where she held a number of roles across Capital Markets in Toronto, London, and New York.

Jane earned a bachelors degree in Engineering Physics from Queen's University and a masters degree in Mechanical Engineering from the University of Toronto. Jane is a CFA Charterholder.

SPEAKER BIOGRAPHIES

Kunjal Shah

Chief Investment Officer

Lyxor Asset Management

Kunjal Shah joined Lyxor Asset Management Inc. ("Lyxor Americas") in August 2014 as the Global Head of Hedge Fund Research. He was appointed as Chief Investment Officer in May 2020. Mr. Shah is responsible for supervising the Portfolio Management and Hedge Fund Research teams, as well as developing advisory investment offerings and customized hedge fund solutions. Mr. Shah brings more than 20 years of experience in hedge fund manager selection, due diligence, and monitoring to his position.

Prior to joining the firm, Mr. Shah was employed by Arden Asset Management, where he was a Partner and Managing Director. Prior to that, he was a Director and Co-Head of Hedge Fund Credit Risk Management for the Americas at Deutsche Bank AG. He was also an integral member of the Hedge Fund Credit Risk Management team at Goldman Sachs & Co. in New York, where he led due diligence and monitoring of hedge funds.

Mr. Shah holds a B.A. in Economics from the University of Manchester, and an M.B.A. in Finance, Management and Strategy from the Kellogg School of Management at Northwestern University.

Kirk Sims, CFA

Head of Emerging Manager Program

Teacher Retirement System of Texas

Kirk Sims heads TRS' Emerging Manager Program. Since being established in 2005, TRS has committed \$3.7 billion to one of the largest programs of its kind. An additional \$2 billion has been invested directly with EM Program graduates. Each graduate was selected as a result of consistent outperformance among a group of more than 160 EM managers. Recognizing the Program's success, in early 2019, TRS rolled out a plan to invest another \$3 billion over the next three to five years.

Sims joined the Teacher Retirement System of Texas on March 1, 2019. Before joining Texas Teachers, he was a Senior Investment Officer for the Teachers' Retirement System of the State of Illinois. Sims had oversight and management responsibility of TRS's Emerging Manager Program, a \$750 million evergreen pool of capital designed to identify and invest in emerging investment managers across all asset classes.

Prior, Sims worked at Prudential Retirement where he was responsible for a manager of manager's retirement platform as well as an open architecture investment platform. He also has a background in asset management and has held various positions with both large and small asset managers.

Sims is a CFA charter holder and holds a Masters in Business Administration from the Columbia University Graduate School of Business. He received a Bachelor of Business Administration from Howard University in Washington, DC.

SPEAKER BIOGRAPHIES

Matt Smagacz, CFA, FRM
Senior Investment Officer
Wyoming State Treasurer's Office

Matthew Smagacz, CFA, FRM is the Senior Investment Officer of the Wyoming State Treasurer's Office where he is integral in managing the \$20 billion sovereign wealth portfolio. He has eighteen years of buy-side experience, specializing in alternatives and fixed income. He holds a BSBA in Finance from Washington University in Saint Louis and is a member of the Global Association of Risk Professionals, the CFA Society of Colorado and the CFA Institute.

Michael Stamm
Director of Financing and Collateral Management
State of Wisconsin Investment Board

Mike is the Director of Financing and Collateral Management at the State of Wisconsin Investment Board (SWIB). He oversees liquidity optimization and efficient financing related to leverage implementation and securities lending and borrowing.

Prior to SWIB Mike was Vice President of Treasury at Highbridge Capital Management focusing on Prime Broker financing and margin optimization.

Sarah Takaki
Senior Director – Sustainable Investing
Healthcare of Ontario Pension Plan

Sarah Takaki is the Senior Director, Sustainable Investing at the Healthcare of Ontario Pension Plan (HOOPP). Sarah was a member of the secretariat of the Expert Panel on Sustainable Finance, which was appointed by the Minister of Finance and Minister of Environment and Climate Change in 2018.

Sarah holds a Master's in Biomedical Engineering from the University of Western Ontario and an MBA from the University of Cambridge.

Claire Thornton
Senior Manager, Balance Sheet Management
AustralianSuper

Claire is Senior Manager of the Balance Sheet Management function within Capital Markets. In this position, she is responsible for securities lending, collateral management, and liquidity risk management for the fund. Prior to joining AustralianSuper, she was Assistant Treasurer at Medibank Private, Australia's largest private health insurer.

SPEAKER BIOGRAPHIES

Joe Tolen, CAIA
Director of Multi-Asset Strategies
Indiana Public Retirement System

Joe Tolen is the Director of Multi-Asset Strategies for the Indiana Public Retirement System (INPRS) and is responsible for the formulation and implementation of the Absolute Return and Risk Parity portfolios (~\$8bn of DB assets). Joe joined INPRS in January 2018 and previously served as an Investment Officer focused on Multi-Asset Strategies. Prior to joining INPRS, Joe worked on the Equity Derivatives Sales Trading team for Morgan Stanley in London.

Joe received his BS in Finance and Entrepreneurship from Indiana University.

Anne-Sophie van Royen, PhD
Senior Managing Director
Caisse de Dépôt et Placement du Québec

Dr. Anne-Sophie van Royen joined La Caisse de Dépôt et Placement du Québec as a Senior Managing Director in May 2019. She initially oversaw the systematic tactical asset allocation strategy activity. In June 2020, she took the leadership of the quantitative equity team. Dr. van Royen has worked in quantitative finance for over 20 years. Prior to joining CDPQ, she worked at the Abu Dhabi Investment Authority, advising the investment committee on all matters pertaining to asset allocation. She was previously the head of Quantitative Trading in the Investment Solutions division at UBS, and headed the Global Tactical Asset Allocation Group at Credit Suisse in New York from 2004 to 2011. Prior to that, she was Vice-President, first at State Street Associates then at Columbia Management Group, where she was responsible for tactical asset allocation. She began her career in Mergers and Acquisitions with Goldman Sachs in London.

Dr. van Royen holds Ph.D. and M.Sc. degrees in Mathematical Economics from the Université de Paris – Sorbonne. She also holds an M.A. in Business Studies from HEC Paris and a B.A. in Psychology from the Université de Paris – Saint-Denis. She has published articles in a variety of professional investment journals, including the Financial Analysts Journal, Journal of Portfolio Management, Journal of Derivatives and Journal of Forecasting. She is a past President of the Society of Quantitative Analysts in New York and was an advisor in the Department of Mathematical Science at the New Jersey Institute of Technology.

Marco Vetrone, CPA (CA), CFA
Managing Director – International
CPP Investments

Marco is a Managing Director in the International Department overseeing Strategic Relationships and Operations in Europe. Marco is responsible for liaising with a wide range of external and internal stakeholders, relationship and brand building across Europe, operates as a Chief of Staff to the Head of International, and manages CPP Investment's London office.

Marco is a CPA/CA, CFA Charterholder and is currently pursuing an EMBA from London Business School.

SPEAKER BIOS

Mee Warren, CFA, CAIA

President

Bodhi Research Group

Mee Warren, CFA CAIA is President at Bodhi Research Group. Her duties include Portfolio Diagnostics, trade execution best practices, due diligence and risk management. She enjoys working with a diverse set of clients and projects focused on research and education in the alternative investment space. She is also committed to Diversity, Equity, & Inclusion in the workplace. Mee joined Bodhi Research Group after nearly 15 years at Two Sigma Investments, LP.

Mee joined Two Sigma in 2003 as its 30th employee. At the time, Two Sigma was an emerging manager with approximately 50 Million USD AUM. For the first five years, she worked very closely with the CEO and built out the back and middle offices. In September 2008, she joined the trading side of the business and eventually became Head Trader. In 2015, she was promoted to an elite 5-person team that strategized investment decisions and elevated the production environment for firm and equity strategies across all portfolios and regions worldwide. This 5-person group essentially served as the Investment Committee. In 2018, Mee chose to leave Two Sigma. At that time, Two Sigma had approximately 60 Billion USD AUM. Mee has experience in most parts of the business. This includes generating trading strategies based on market microstructure, corporate actions, market events and high-frequency signals. She introduced new proprietary execution tactics and built risk monitoring tools. Mee was an important part of the team that was responsible for the tremendous success at Two Sigma.

Mee Warren won the “Women in Finance Outstanding Contributions” award from Markets Media and the “Women on Wall Street Trailblazer” award from Traders Magazine. She sits on the Boards of several non-profits. Ms. Warren is a graduate from the University of Minnesota’s Carlson School of Management, and she holds both the CFA and CAIA charters. Mee is an ACBL Life Master in Contract Bridge Card Game and a competitive pool player.

Kevin Zhu, CFA

Managing Director – Head of Portfolio Construction

OPTrust

Kevin Zhu is Managing Director, Head of Portfolio Construction at OPTrust, one of Canada’s largest defined benefit pension funds with net assets of over C\$23 billion.

Kevin has over 20 years of experience in the financial services industry, including both central banking and total portfolio investment framework and strategy design for large Canadian defined benefit pension plans.

Kevin joined OPTrust in 2016 where he currently leads Total Fund portfolio management functions, including portfolio construction research and innovation, capital and risk allocation across asset classes and strategies, and dynamic total portfolio management.

Prior to joining OPTrust, Kevin held the position of Director, Strategy & Asset Mix at Ontario Teachers’ Pension Plan. Prior to this appointment, Kevin was Senior Economist at the Bank of Canada focusing on monetary policy research and model development. He holds a MA in Economics from Carleton University and is a CFA Charterholder. In 2017, Kevin was named to Sovereign Wealth Fund Institute’s Public Investor 100.

MEMBER DIRECTORY

The diversity, drive, experience, and resources of our members is what makes CAASA happen. The CAASA staff literally work all day to keep up with their ideas for advocacy and service offering initiatives; events of all sizes, on all topics, in many cities across Canada and elsewhere; and creating an environment where they can support each other and the industry at large.

Thank you!
