ABOUT CAASA

INCLUSIVE, ACTIVE, AND PAN-ALTERNATIVE

The Canadian Association of Alternative Strategies & Assets (CAASA) was created in response to industry requests for a national group to represent the Canadian alternative investment participants, including investors, asset managers, and service providers. CAASA is **inclusive** in that it welcomes participation from all companies active in the space as well as select individuals (those with investors) who might want to participate in committees and working groups - or simply attend member events - without their employer being a member of the association. CAASA is very **active** in both committees & groups and events: 33 events in 2018 and at least 50 planned in 2019 (15 in the first 2 months alone). **Pan-alternative**, for CAASA, encompasses all alternative strategies and assets including: hedge funds / alternative trading strategies, private and public real estate (funds and direct), private lending, private equity, development & project finance, digital assets / cryptoassets, weather derivatives & cat bonds, and all aspects of diligence, trading, structuring, dealing, and monitoring alternatives in a stand-alone portfolio and as part of a larger investment strategy.

MEMBER BENEFITS

Investors join CAASA to be a part of a formal network of pension plans, foundations, endowments, sovereign wealth funds, and family offices to discuss ideas, strategies, and operational issues particular to their businesses - all within a closed group where managers and service providers may or may not be included, depending on the forum.

Managers see the association as a way to connect with peers, investors, and service providers to speak to fund structuring, sales & marketing, and regulatory issues. CAASA is not a capital introduction platform, but we do create forums where investors and managers can meet organically or via structured meeting sessions where participation by the investors is strictly opt-in.

Service providers participate in our events and working groups as well as assist in the production of thought leadership pieces which provide relevant information to both association members and the industry and investing public at large.

Founders participate in our Founders' Pitch Competitions as well as other initiatives created to propel their fledgeling businesses forward.

NATIONAL AND GLOBAL

CAASA believes that the Canadian alternatives industry has a great deal to offer Canadians and the global community. The *Canadian Model of Pension Management* is well-known for its large alternatives focus, managed in-house in many cases with substantial allocations to external managers as well. Canadian investment managers operate in a robust regulatory regime (of hedge fund managers) that is becoming the norm across the globe and a stable banking back-drop that provides solace for investors as well as opportunities for managers. Talent in investment management (approximately 10% of all CFA charterholders reside in Canada) as well as newer areas such as digital assets and robo-advisory services are a differentiator. Of course, Canadian investors and managers are keen to learn of best practices in operations and portfolio management from their global peers.

WHY JOIN?

As mentioned, we have attracted 330+ members over the last 4 years or so and the reasons are plentiful and varied. Whether an investor, manager, or service provider, some seek a group of like-minded individuals in the alts space to connect with on an on-going and (semi-)structured basis; others have a more commercial interest in that they are intent upon being aware of the newest trends in the industry and (providing they have one) presenting their knowledge to an audience of peers; and others have made their mark (or are on their way to doing so) and really just want to give back to a group of people that has done a great deal for them.

Whatever your motivation, if you're not in membership yet we'd love to hear from you!

YOUR SOURCE FOR ALL THINGS ALTERNATIVE

Welcome to our first cross-Canada conference series focused on the requirements and preferences of retail, HNW, and UHNW Investment Advisors and allocators. We specially designed each city's program to reflect their particular preferences and have (what we believe to be) a balance of talks from seasoned Investment Advisors and asset managers. Our format reflects the high value you put on your time - we start at about lunch time and end with a reception - and appreciate your taking time to attend the session in your city. We also have small group discussions (Table Talks) where you can delve in to particular topics and query the presenters. We also have our CAASA CE Centre at your disposal which will have 70+ of our webinars and podcasts from 2021 ported over as well as a course from each of our conference sponsors, and a selection of our panels and presentations.

TÊTE-À-TÊTE MEETINGS

This is your opportunity to schedule one-on-one meetings with any conference delegate. Feel free to use our online platform to connect with any of our delegates in any of the cities - everyone is on it and open to network. We do not have any set-aside meeting times, but we're certain that folks can schedule a time to meet quite easily - whether in-person around the conference day or otherwise.

Anyone can book a meeting with any other delegate. Please decline meetings that you might not be interested in or able to commit to - then the other party can invite another to chat. And if you are interested, you're free to connect via our messenger or ask for their email (we DO NOT release delegate contact information, so you'll have to ask for it or send yours along to them and await a response).

TABLE TALKS

We do not sell paid-for speaking spots, preferring delegates to choose when they might like to hear from sponsors. Table Talks are 30-minute sessions where anywhere from 2 to 12 delegates can get a briefing on a topic and participate in an interactive discussion. As with all of our events, we refrain from pay-to-play and draw all speakers from membership and prefer audiences to opt-in to more niche discussions, as will be delivered at the Table Talks.

CAASA CE CENTRE - COURSES ON ALL THINGS ALTERNATIVE

We believe in making alternatives as accessible as possible and developed our CE Centre with that in mind! Launched in early 2021, we partnered with **Learnedly** to create a platform for IIROC Investment Advisors (and many others, as described below) to gain unbiased knowledge across all alternative strategies and asset classes. Of course, true to our mantra of access, **registration on and use of this platform by advisors is 100% free and without any additional charge, ever. And, of course, we will never sell your information to anyone.**

To date, we have released more than 60 courses including sessions from our *Wealth Managers' Forum 2021* and *Digital Assets Global Exchange 2021* and (soon) discussions from our *Private Equity & Venture Capital Assembly 2021*. We also transferred many of our webinars (all of them to be added by end of January 2022) on topics such as: India, China, Colombia, growth stocks, alt-alts, real estate, private lending & mortgage funds, quant investing, the effects of COVID on certain markets, KYP & compliance, cryptoassets/currencies, ESG, the metaverse, inflation, foreign exchange, and more!

We offer CE credits available from the **Financial Planning Institute** and the **Mutual Fund Dealers Association**. We are adding eligibility for both **CFA** and **CPA** members and given that our courses are content-rich, provide real insights vs. marketing pitches, and the skill-testing questions are written by an experienced individual in that field we believe our courses are appropriate for these and other designations in the financial and investment field

PRIVACY & SECURITY

Typically, we do not release the names of individuals attending CAASA events - including to sponsors and speakers at events - although we may disclose the employers of attendees, except for those working at single family offices which are redacted. For this gathering, of course, all delegates have access to the individuals' names and employers for the purpose of scheduling meetings and booking seats at Table Talks. However, **we never release the email addresses or phone numbers of attendees**; asking instead that folks reach out via the mobile app / web portal or other means such as corporate websites or services such as LinkedIn. We can pass on contact requests to another party, without any guarantee of a response.

THE KYP NEXUS

STAY UPDATED, AS REQUIRED BY LAW

We are always seeking ways to facilitate industry participants to engage with each other and our new service **The KYP Nexus** is our latest offering that links asset managers with investment advisors.

Legislation in effect on **January 1, 2022** requires significant changes in an investment fund's terms to be communicated to investment advisors - and it also requires investment advisors (and their IIROC employers) to ensure that they are current on these changes. This communication could be in the form of a press release or other broadly distributed service, but the definition of 'significant' can be interpreted as a change in mandate, portfolio manager or the portfolio management team, fees attributable to the fund (including management and incentive), or even possibly the appointment of auditor or other service providers - these more nuanced changes might not warrant the expense of a full-blown press release, however. Also, we would be hard-pressed to assume that any advisor might have a process to keep track of all these changes.

ENTER THE NEXUS

Our solution, almost one year in the making, provides a one-stop solution for all Investment Advisors, their IIROC broker-dealers, and asset managers across Canada. It provides one point of contact for these parties to communicate significant changes and keeps a historical record as well.

The KYP Nexus is open to all market participants in Canada - whether a CAASA member or not, however members receive certain benefits in addition to the basic package. The coding and upkeep of the system is financed by our operating budget as a service to the industry.

EASY REGISTRATION

Investment Advisors can add their name to the list easily via the CAASA site and we guarantee that their information will not be distributed outside of our CAASA database. Once registered, IAs will receive a monthly update on significant changes from all asset manager/issuer participants on the platform which they or their staff can review and potentially integrate in their investment process.

IIROC Dealers can register a point of contact in their IA advisory or compliance teams to receive these monthly updates and send along to their IAs or have available in their intranet. Dealers can also provide IA contact information (simply email would suffice, but may include full name) in a bulk file to be uploaded to the CAASA database.

Asset Managers can register to the platform as well, providing a key contact who will update their information at least every month (can be done as it happens also). Basic services allow a notation that a significant change has occurred at the asset manager (which the IA can contact for more details). CAASA members can also include a description of the change, a link to their site to provide more information (such as a pdf or webpage), and contact information that can be used to get receive additional insight.

All of these services are offered without additional cost to all IAs, IIROC dealers, and asset managers.

JOIN NOW

The KYP Nexus is available now and actively adding IA, IIROC, and asset manager contacts. It's the law that this information is put into the hands of advisors in a timely manner and we are happy to provide this conduit of communication.

All market participants are welcome to contact us for more information about this initiative, membership, or anything else. We love feedback!

VANCOUVER – WEDS, FEB 15

11:00 AM	Registration & coffee
11:30 AM	NowTalk – Liquid Alts Primer James and his CAASA co-founder Caroline were at ground zero when the initial Liquid Alts legislation was proposed in March 2013 and watching to go through town-halls, committee meetings, and CSA task force meetings and deliberations was seemingly glacial (it was promulgated in January, 2019) but the results were worth it. James will give a (thankfully) brief timeline of the process, the legislation as it stands now, its purpose when proposed and if it hit the mark, and where this growing part of the alts industry might be headed in the next few years. James Burron, CAASA
NOON	Lunch Keynote – The Growing Importance of Privates in Portfolios Travis Forman has made a name for himself and Harbourfront Wealth by creating an impressive franchise anchored on so-called alternative investments (which many have found to be integral to modern portfolio management). He not only has a growing roster of clients, he also has a fund of funds that allocates to select real estate and private lending shops, creating a one-stop portfolio that can provide a great deal of value those clients and their families. On the other side, Jonathan Turnbull is with Harrison Street, a real estate asset manager headquartered in Chicago that offers is extensive investment capabilities to investors in the U.S. and Canada. Both of these seasoned investors will share their experiences in the space as well as where the business of investing in real estate and alternatives is headed over the next few years. Travis Forman, Harbourfront Wealth Management, and Jonathan Turnbull, Harrison Street Real Estate Capital LLC
1:00 PM	Table Talks Round table discussions hosted by our Sponsors. This session is aimed at providing all event attendees with the ability to join in genuine knowledge exchange and discussion in a small group setting. <i>Choose from 2 x ~25-minute round table discussions</i>
2:00 PM	Survey of the Privates Market Privates have been all the rage for the last many years, and not without a few hiccups along the way as investors and managers solidify their diligence and investment processes. This panel will give attendees a broad look at some of the major sub-sections of privates and focus in on a few key opportunities as well. James Burron, CAASA, Colin Kilgour, Kilgour Williams Capital, and David Vankka, ICM Asset Management

VANCOUVER – WEDS, FEB 15

2:45 PM	NowTalk – Building a Franchise in the Minds of Investors In this session, we hear from a veteran IA who has decades of experience in creating value for clients and ensuring they not only have assets/income into retirement, but also the confidence that they can weather the inevitable storms that rear up in financial markets. Pamela Yoon's three decades of service to her clients is based on her financial expertise backed by her ability to translate the investing world for her clients (she's also a polyglot) and giving them a guiding hand to do uncomfortable tasks such as buying low or rebalancing out of trades that would seemingly go to the moon. This talk will span her career (one minute per year, on average) and give the audience a feel for what it takes to really connect with clients. Pamela Yoon, RBC Dominion Securities, James Burron, CAASA
3:15 PM	Positioning Liquid Alts with Clients Liquid Alternatives funds are not known to all investors, even though they have been around since at least January 2019 (and during 2018 in pre-market). AUM growth typically spikes after market routes, possibly as investors and advisors see the diversification benefits of this access class (as opposed to asset class). Getting clients past the 'alternative' moniker can be difficult as they may translate the word to 'not needed', but these funds are surely appropriate for many investors and have excellent vol and diversification characteristics. This panel will speak to this and more! Steven Adang, Anchor Pacific Investment Management, Dean Shepard, Picton Mahoney Asset Management, Raj Tandon, Algonquin Capital Management, and Travis Dowle, Maxam Capital Management
4:00 PM	Reception - Opportunity to network over food and drinks!

CALGARY – THURS, FEB 16

11:00 AM	Registration & coffee
11:30 AM	NowTalk – Branding in Your Market: How to Elevate Your Game Whether IAs acknowledge it or not, branding is a key ingredient in success – and by this we get past the corporate branding that every IA in the dealer has access to, and talk about individual branding that advisors can create. There is also branding in the eyes of clients and prospects as well as that of their peers. As a team grows, it is of paramount importance that each individual provides value to clients and the team – and teams that look outward can attract the best talent and continue their growth. Come and hear how this IA is doing something different to cement his place in the industry. Rob Tetrault, Canaccord Genuity Wealth Management at the Tetrault Wealth Advisory Group
NOON	Lunch Keynote – The Growing Importance of Privates in Portfolios Richard was RBC’s youngest Managing Director on the fixed income floor and in 2009 he branched off from the desk to create his own offering for investors seeking lower volatility and uncorrelated returns from today’s bond markets. His success has been peerless in the space and this is your opportunity to hear his story! Richard Pilosof, RPIA and Matias Grum, Raymond James
1:00 PM	Table Talks Round table discussions hosted by our Sponsors. This session is aimed at providing all event attendees with the ability to join in genuine knowledge exchange and discussion in a small group setting. <i>Choose from 2 x ~25-minute round table discussions</i>
2:00 PM	Creating Superior Portfolios of Private Assets Travis Forman has been in the private assets market for years, creating his own fund for offering to his and other clients. He sits on both sides of the desk, advising clients on asset allocation and also allocating to select private assets managers in order to fulfill his mandates of steady income without undue risk. This panel features three managers in the space and delves into their stories as well. Travis Forman, Harbourfront Wealth Management, Charbel Cheaib, Morex Capital Corp., Dennis Mitchell, Starlight Capital, and Dean Kirkham, Trez Capital

CALGARY – THURS, FEB 16

2:45 PM	NowTalk – When to Diversify Your Book When is the correct time to move to alternatives? When markets are up and one is in a position of strength – but convincing clients to sell winners whom they assume will continue to perform might pose a challenge? When markets are down and clients can see that alts likely did not fall as much – but then they have to sell at a loss? Is it at the beginning of a relationship or after an IA has earned client trust? These conundrums and more will be discussed! Scott Starratt, Canaccord Genuity Wealth Management
3:15 PM	Liquid Alternatives Leading the Way Over the last 4 years, returns from liquid alts funds have proven their mettle in challenging markets. Not only have they been diversifiers for investor portfolios, their strategies are well-diversified over equity, credit, multi-strat, and market neutral strategies, with AUM in each strategy growing consistently. This panel will describe how they fit in client portfolios as well as dig into a few indicative funds (and managers) of each strategy. Shamez Kassem, Northfront Financial and Julian Klymochko, Accelerate Financial Technologies <i>confirmed on print date...more to be added</i>
4:00 PM	Reception - Opportunity to network over food and drinks!

11:00 AM	Registration & coffee
11:30 AM	NowTalk – Seizing Opportunities Over the course of one’s career there can be many turning points and times when inordinate gains can be had if one just takes the plunge. This NowTalk features an IA that many know and would love to emulate. We’ll here his career story and times when he took his book and practice to the next level. Joe Bakish, Richardson Wealth
NOON	Lunch Keynote – The New 60/40: Balanced alts for (m)any investor Creating a new asset management company can be challenging, thankfully Scott has a great deal of experience in capital markets and his shop is backed by a major single family office whose principal he has worked with over many years. In this chat, he will let the audience know what his day entails and where he sees the future of portfolio management in the retail and HNW space going as well as his views on balancing the two required time-consuming tasks of sales and research. Scott Morrison, Wealhouse Asset Management
1:00 PM	Table Talks Round table discussions hosted by our Sponsors. This session is aimed at providing all event attendees with the ability to join in genuine knowledge exchange and discussion in a small group setting. <i>Choose from 2 x ~25-minute round table discussions</i>
2:00 PM	Francis Sabourin: Meeting of the Minds For many months, the (award-winning) Francis Sabourin Hour has graced the Zoom screens of many advisors and investors as he deconstructs his guests’ fund/offering and asks the questions that IAs have with regard to structure, exposures, risk, liquidity, leverage, and a host of other factors important to asset allocation and portfolio management. This panel is a bit shorter and features three CAASA member managers who each have their own benefits to investor portfolios. A rare in-person opportunity! Francis Sabourin, Richardson Wealth, Daniel Leger, MGG Investment Group, and Mark Tower, Amundi Asset Managemen

MONTRÉAL – TUES, FEB 21

2:45 PM	NowTalk – The Future of Advice and Wealth Management Trends Our industry is rapidly changing, technology enabling efficiencies while clients’ needs are evolving. So what are the main trends coming our way, how will it impact wealth managers and advisors? What is the Future of advice? This NowTalk features a former Head of a Canadian Brokerage firm and a KPMG Partner; it will help you open your eyes to the future of our industry. Martin Lavigne, KPMG and David Krief, KPMG
3:15 PM	A Look at Real Estate Plays Real Estate is the oldest investment, and one that has garnered a great deal of interest from investors over the last many years. While it’s impossible to time any investment, the illiquidity of real estate (coupled with, usually, leverage at the asset and/or fund level) can introduce risks not evident in other asset classes. They also ‘suffer’ from stale-dating such that investors observe lower volatility than with other investments, but they also do not have immediate insight as to the true value of their holdings. This panel will talk through all of these potential negatives and, in many cases, show how they can be positive for investors. Steven Furtado, Mandeville Private Client, Joshua Varghese, Axis Real Assets, Adam Dean, CMLS Asset Management, and Anthony Guarnieri, Group RMC

11:00 AM	NowTalk – The Alts Landscape in Canada and Globally Welcome to Alts-Land. In this NowTalk, Preqin will give a succinct briefing of alternatives in Canada and the world – with an emphasis on how far we have come in alts allocations and where they may be headed over the next few years (if we follow the massive growth seen in other markets). This presentation will have some great talking points for discussion with clients who see alternatives as just that, and not required for a well-balanced portfolio. Joseph Borda, Preqin
11:30 AM	NowTalk – What I Learned in 17 Years in the Business Craig’s many TV appearances, “Alternative Investments” on BNN/Bloomberg, coupled with his prolific speaking schedule makes him a known entity to clients/prospects and industry folks alike. Always with a witty analog and anecdote to illustrate a point, his incisive mind is seemingly always concocting ways to translate industry-speak to something that investors can understand. Join us for this session that will chronicle his life as an IA and how he built his persona within the bounds of IROC requirements. Craig Machel, Richardson Wealth
NOON	Lunch Keynote – Alts Titans: A Candid Conversation with Two Veterans Dean is a Partner with Picton Mahoney Asset Management and a key part of their management team. Brad runs the TD Wealth platform and hails from PMAM, where he was a stoic advocate of alternatives. Not only did they work together for years, but they are best buds and we know that everyone will enjoy this frank discussion on the industry, alternatives, and what IAs and asset managers can do to set themselves apart from the crowd. Ida Khajadourian, Richadrdson Wealth, Dean Shepard, Picton Mahoney Asset Management and Brad Simpson, TD Wealth
1:00 PM	Table Talks Round table discussions hosted by our Sponsors. This session is aimed at providing all event attendees with the ability to join in genuine knowledge exchange and discussion in a small group setting. Choose from 2 x ~25-minute round table discussions
2:00 PM	Mainstreeting Private Investments Should Main Street have access to the opportunities presented to ‘more sophisticated’ (read: wealthier) investors? For years, one could not even seriously ask this question as the products and structures were just not available. Now we can ask it, and get the answers from our panel: one that will look into the benefits and potential pitfalls of private investments in the hands of retail investors and how IAs can make the most of these platforms & funds. Tom Johnston, iCapital Network, Kamal Hassan, Loyal VC, Jeff Parks, Stack Capital, and Neil Andrew, Overbay Capital Partners

TORONTO – THURS, FEB 23

2:45 PM	NowTalk – Using Your Head While Following Your Passion Delivering to clients involves a great deal of passion as it’s not as simple as flipping a switch and making an allocation. One needs to discuss various constraints, preferences, and experiences with each client to arrive at the right portfolio mix – and then monitor it to ensure it continues to perform as required. That said, investing involved a great deal of statistical analysis and, importantly, creating a model in one’s mind to keep track of each investment and how they might provide value to an investor. Mike has a huge passion for advising and a track record of knowing the numbers behind the investments vs. following blindly into new areas. This is your chance to see how this IA brings it all together Speaker TDB at print date
3:15 PM	Alts That Can Outperform Alts can go through cycles and each one has its own merits and potential place in an investor portfolio, and knowing these factors is very important as IAs allocate to these asset classes and sub-sectors. This panel will provide insight into how advisors can do diligence on managers and allocate client assets to them. Jonathan Colligan, Westcourt Capital, Jason Landau, Waratah Capital Advisors, Anthony Faiella, AGinvest Farmland Properties Canada, and Mike Quinn, RPIA

OUR DATAROOM

ALL THE DATA REQUIRED TO MEET YOUR (INVESTMENT) MATCH

At the suggestion of one of our single family office members, we partnered with **SigmaSandbox** to create a dataroom to provide a more robust experience for managers and investors by getting performance and other information into the hands of prospective investors. We believe this free offering, exclusive to CAASA members, can be used in advance of the conference, during it, and afterward as much as one might like.

FOR INVESTORS

Simply create a login and you can search the database, choose any number of funds, introduce them into a portfolio approximating yours (more than 2,500 ETFs and 115 indices to choose from) to see how they might have affected its returns, and/or download tear-sheets of the fund to get portfolio and other data on it, the manager, and whom to contact to get more information.

You can also produce pro forma portfolios (like the one below) to see how adding certain funds could have affected returns. The weighting of each fund can be easily adjusted - leading to all performance metrics being updated immediately.

To simplify your search, we have a special **CAASA Catalogue** that can be used to seek our members’ tear-sheets and return profiles. This list is constantly growing as more of our manager members see the value in making their data available to select investors like yourself.

FOR MANAGERS

Uploading your performance and other information gets you on the radar of delegates at the conference and, as **SigmaSandbox** and CAASA will be making this available to more than 1,000 endowments, other significant investors, and wealth managers across North America and around the world with our ongoing events and those held in concert with other associations and the Government of Canada. It is simple and easy to do so and sets your fund apart with the opportunity to have many investors see how well you manage funds entrusted with you.

It is very easy to do the initial data population as well as monthly/periodic updates to the platform. Basically, SigmaSandbox does all of the heavy lifting and has created a very streamlined process requiring minimal additional effort on the managers’ part.

Joe Bakish

Portfolio Manager, Wealth Advisor, Investment Advisor
Richardson Wealth

Joseph Bakish is a Portfolio Manager, Wealth Advisor, Investment Advisor at Bakish Wealth, at the firm Richardson Wealth Limited.

Named Canada's Top Under 40 Investment Advisors in 2020 by the Investment Industry Association Of Canada, Joseph Bakish has built his career by putting the best interests of his clients at the forefront of his objectives.

After initially building a solid practice at Investors Group, Joseph realized that as business and the industry was evolving, they needed a change. Bakish Wealth joined Richardson Wealth six years ago, which has opened the door to a wider universe of alternative assets that can add value and enhance portfolio diversification – from private equity and real estate to private debt. Clients have responded well to their unbiased access to investment solutions, which has led to a growing referral base and the expansion into their third client segment of high-net-worth investors. Bakish Wealth's book boasts \$242 million in assets under management (AUM) across 490 households, as well as a large insurance component.

Most of their clients are between 40 and 60 years old, and many are research-oriented physicians, medical researchers, and university professors. Their clients also include high-net-worth business owners and high-potential young professionals. For prospects with established careers, their minimum investment is \$1 million.
