

CAASA
CANADIAN ASSOCIATION OF
ALTERNATIVE STRATEGIES & ASSETS

THE CANADIAN ASSOCIATION OF ALTERNATIVE STRATEGIES & ASSETS

BRINGING CANADA TO THE WORLD AND THE WORLD TO CANADA

August 1, 2024 Edition

ABOUT CAASA

Presentation are communication tools that can be used as demonstrations, lectures, reports.

The Canadian Association of Alternative Strategies & Assets was formed to bring together alternative investment managers and investors, along with service providers, in a setting conducive to information sharing, discussion and networking, and collaborative initiatives.

ABOUT CAASA

INCLUSIVENESS

CAASA represents a broad cross-section of public and private market participants whose offerings are distributed to true retail, Accredited Investor retail, family offices, endowments, foundations, public and private pension plans, and sovereign wealth funds.

Public markets include hedge / alternative strategy asset managers such as managed futures / CTAs,

.....

long-short equity, equity market neutral, credit and fixed income funds with varying exposures and arbitrage strategies, multi-strategy, special situations, and others that deal in predominantly public / readily priced /quoted markets.

Private markets include private lending (from factoring and revolvers to longerterm financing), direct and fund-structured real estate and development investments, private equity (including PE debt and PE real estate), alt alts such as weather derivatives, and other areas that may not be readily priced / valued.

ABOUT CAASA

MEMBER BENEFITS

For Investors – A network of pension plans, foundations, endowments, sovereign wealth funds, and family offices to network with on a formal and casual basis as well as resources for analyzing managers and services providers.

.....

For Managers – Peer connection in areas such as fund structuring, sales & marketing, and regulatory issues. Access to investors (opt-in for investors) as well as exposure through panels and conferences targeted to particular groups

For Service Providers – Relevant working groups, event participation / sponsorship, industry thought leadership, and interaction with a wide crosssection of manager and investors.

.....

For Start-up Founders - A diverse network of peers and investors (SFOs and VC shops) that can power one's plans from start-up and beyond.

.....

For All – Through our partnerships with the the Professional Centre and the CAIA Association, CAASA Classroom sessions and discounted space as well as access to CAIA's Alternative Investment Analyst Review and discounts on both courses.

ABOUT CAASA

FROM LOCAL TO GLOBAL – AND BACK AGAIN

CAASA's activity is in all areas of Canada, from larger asset management hub, to those with major / a concentration of investors, to others where service providers congregate. Examples include: Toronto, Montréal, Québec, Halifax, Ottawa, Vancouver, Victoria, Calgary, Edmonton, and Winnipeg. It is important for a truly national organization to be engaged in all aspects and regions – and being present in these areas leads to important market intelligence and the ability to tailor CAASA's offering as well as provide insights to its members and stakeholders.

CAASA strongly believes that Canada is a leader in many areas of investment management and can learn from other countries' experts as well and providing domestic and foreign / overseas opportunities where global professionals and organizations can meet and exchange best practices & policies and work together on current issues and trends.

CAASA organizes major conferences in Canada and other events and forums elsewhere.

We treat all members the same: all have access to all services & we do not promote one member above another.

ABOUT CAASA

GOVERNANCE AND STRUCTURE

CAASA was created and is controlled by the membership and local staff for the benefit of members and the Canadian alternatives industry at large.

The association's Member Advisory Panel (MAP) works with its staff in formulating and adapting overall strategy, new and continuing initiatives, event and conference themes and formats, and creation of various Member Initiative Groups (MIGs) that focus on particular aspects and/or geographical areas in the Canadian alternatives industry.

CAASA staff are tasked with attending each meeting of the MAP and MIGs, providing logistical, thematic, format, and other support relating to the execution of its activities

All meetings and activities are governed by the principles of inclusiveness, collaboration, fairness, and elucidation.

CAASA'S ACTIVITIES

CAASA's Activities

CAASA serves and represents the alternatives industry in Canada by engaging in member-lead local and national initiatives in advocacy; investor, manager, and industry best practices & policies; committees and working groups dedicated to broad mandates as well as those uniquely Canadian and in areas of national or regional expertise; and production of thought leadership events, publications, and initiatives affecting the Canadian and global alternative investment landscape.

CAASA CE Centre

CAASA'S ACTIVITIES

Developed as part of our continued support of the Canadian alternative investment industry and in partnership with Learnedly, a leading supplier of licensing and accreditation courses and services, we designed the CAASA CE Centre to provide a simple way for Investment Advisors and other professionals to earn the continuing education credits required by their licensing bodies.

Our curated offering includes CAASA podcasts and webinars, as well as selected conference programming and that of our members, resulting in a curated, relevant, and interesting variety of topics – all from the alternative investment arena such as: liquid alternatives, credit & fixed income funds, private equity, private lending, real estate, derivatives, Know Your Product (Compliance Credit), ETFs, crypto-currencies, quantitative trading, portfolio construction, the landscape of alternatives, PE replication, and many more topics.

CAASA'S ACTIVITIES

Liquid Alts Data & Report

Second engine (a division of Picton Mahoney Asset Management) creates a report on the Canadian liquid alts industry each quarter which we provide to all the public (members can access previous period reports).

Virtual Dataroom - Funds

Together with SigmaSandbox, we are proud to offer an enhanced experience to our Virtual Dataroom in which members can post their company bios and contact information as well as upload monthly performance statistics. A top-sheet can be generated and sent to clients and prospects and investors are invited to search the database of managers (with CAASA members prominently displayed) and perform what-if scenarios based upon their portfolio holdings and proxies. This benefit is free for all CAASA members and features prominent display of members.

Areas of activity

CAASA'S ACTIVITIES

Diversity and Engagement

Alternative asset management often involves the creation, implementation, and monitoring of new and sophisticated trades, strategies, and asset classes. Being open to the best minds available allows the industry to innovate as well as take advantage of opportunities. Career panels, stock/idea pitch competitions, and other events aimed at students and particular groups will enhance our industry's place in career paths.

Prudent Processes & Policies

Providing input from leaders in operational and compliance roles at institutional investors, investment funds, and service providers and consultants, members and the public will receive 3P publications, panels and roundtables, and other programming to enable them to better comply with regulatory changes and investor requirements and preferences.

COLE'S NOTES OF DIFFERENTIATORS

What we do and do not do

Our business plan is centred around privacy, catering to investor preferences, and opt-in formats as much as possible.

- **Speaking opportunities are invite-only.** We do not engage in pay-to-play; we draw speakers from membership only (unless a pension, SFO, or non-industry speaker); we ask that all participants NOT mention returns or specific products, and focus on the theme/topic of the panel/question.
- **We prefer having investors on panels** (since we are not monetizing them) – as such, manager & service provider members should not assume a set number of speaking opportunities when joining/renewing. We also do not entertain a notion of joining/renewing on the pretext of speaking.
- **We are not a cap intro team:** we do not guarantee a certain number of meetings; we do not provide introductions (unless requested by investors); and we do not have a listing of all investors and what they are looking for. We provide venues/platforms where folks can meet and communicate.
- **We do not share anyone's contact information** (unless already public in the member directory).
- **We strive to have a mix of** 40% investors, 40-50% managers, and 10-20% service providers at our conferences.
- **We do not get a member an audience** for a lunch & learn, although we can promote it via our events blasts.

Conference Programs

Our Family Office Summit, CAASA Annual Conference, Wealth Managers' Forum, CAASA Alternative Perspectives, and SuperWeek all include a program detailing the events speakers and schedule as well as a complete member directory including contact information (as applicable).

Annual Review

Around January 7 each year we publish our Annual Review with a comprehensive listing of all CAASA members in each category as well as a full listing of all of our activities of the previous year.

CAASA'S PUBLICATIONS

Papers & primers

We produce 2-4 each year. Cost is \$3,000 per member (limited to 4-8 members per edition) which is spent on drafting, editing, and printing 1,000 copies (also available online on our Publications page). We invite certain members to participate and welcome suggestions for topics throughout the year.

A PLETHORA OF THOUGHT LEADERSHIP PIECES

**...MORE
TO COME!**

ANNUAL RETROSPECTIVES AVAILABLE ONLINE

CAASA PARTNERSHIPS

CAIA Association

We partner with many associations, but CAIA is close to our hearts as it is analogous to CAASA (pan-alternative) in the educational realm. All CAASA members have access to the Alternative Analyst Investment Review, CAIA's quarterly digital research digest and enjoy 10% off the CAIA charter exams (excluding the registration fee, about 200 hours of study x 2 levels) and USD200 off CAIA's fundamentals course (approximately 20 hours of study).

The Professional Centre

This serviced office floor is home to the CAASA offices and is available for our events and meetings.

Members looking for flexible, new, and affordable space in the core get an extra discount.

CAASA'S PARTNERSHIPS

Managed Funds Association Partnership Program

Since 2021, we have joined the MFA Partnership Program along with a great many regional alts associations such as: Connecticut Hedge Fund Association, New York Alternatives Roundtable, Palm Beach Hedge Fund Association, South-East Alternative Investment Association, Mid-South Alternative Investment Association, Texas Alts/Alternative Investment Association, CalAlts, and others as added throughout the year.

Unlike our peers which rely on volunteer staff, we do not make use of the MFA's mighty infrastructure to plan our events, but we regularly connect with the MFA and participating associations to better execute on our individual mandates (CAASA's is to bring Canada to the world, and the world to Canada).

Healthy finances allow any organization to run at peak efficiency for all involved. As a non-profit organization, CAASA does not pay income tax, but does remit payroll, sales / HST, and other taxes as required by law. Staff have experience in these processes, which will be overseen by the Member Advisory Panel. An annual audit will be performed, the results and management discussion available to the membership.

CAASA's annual fee schedule was established to be as fair and equitable as possible for all members. Future iterations of the fee schedule will be determined by staff and the MAP and, in some instances, by or with input from broader membership.

Manager AUM for dues purposes is calculated on alternative AUM including hedge, real estate, private lending, and private equity.

BACK OFFICE

Our Fees and Accounting

FEES

Fee Schedule (v2023.1)

Asset Managers (in CAD millions)

<\$50	\$50-\$100	\$100-500	\$500-\$1,000	>\$1,000	Long-only
\$1,500	\$2,500	\$3,500	\$5,000	\$6,000	\$1,450

Other Members

Prime Brokers, Legal, Admin & Audit	Other Consultants, Exchanges	Wealth Managers & Dealers (50+ reps)	Family Offices, Institutional Investors, & Wealth Managers & Dealers (<50 reps)
\$5,900	\$2,450	\$1,300	\$600

Founders of Start-Ups may join as a corporate unit for \$200 per year. If in a competitive category of endeavour, Founders will be required to upgrade to Consultant or as applicable once out of start-up phase, as determined by CAASA. Founders category not available to Asset Managers.

Fees will be processed as listed plus applicable taxes.

ADDITIONAL FEES/EXPENSES

In addition to annual membership dues

While podcast, webinar, and conference speaking opportunities are without additional cost, members should expect to incur the following expenses associated with being active in the community/events:

- **Conference delegate passes** – these range from \$1,250 to \$2,750 per person (for managers and service providers) for our flagship conferences and usually \$1,000 per person for our other conferences. Some investors might be required to pay an additional fee. Speakers are comp but ALL additional attendees need to have their own delegate pass. Delegate passes purchased within 30 days of a conference date will attract a \$250 per pass processing fee.
- **Conference sponsorship** – in 2024 this is \$3,500 - \$5,000 per conference and includes a Table Talk, 1/2-page ad in the program, and additional exposure; a lower-cost option is available for those who do not want to have lead a Table Talk. Sponsorship **DOES NOT** influence invitations to speak.
- **Socials** – Most socials have a cost to attend. We find this makes people attend and defrays production costs.
- **Papers & Primers** – We produce 2-4 each year. Cost is \$3,000 per member (4-8 members only) which is allocated to our external writer and printing 1,000 copies to be distributed at our conferences and in info packages (also available online). We invite members to participate in certain ones and are open to suggestions for future topics; all can be found on the Publications page of our website.
