ABOUT CAASA

INCLUSIVE, ACTIVE, & PAN-ALTERNATIVE

The Canadian Association of Alternative Strategies & Assets (CAASA) was created in response to industry requests for a national group to represent the Canadian alternative investment participants, including investors, asset managers, and service providers. CAASA is inclusive in that it welcomes participation from all companies active in the space as well as select individuals (those with investors) who might want to participate in committees and working groups – or simply attend member events – without their employer being a member of the association. CAASA is very active in both committees & groups and events: at least five conferences are planned in 2025. Pan-alternative, for CAASA, encompasses all alternative strategies and assets including: hedge funds / alternative trading strategies, private and public real estate (funds and direct), private lending, private equity, development & project finance, digital assets / crypto-assets, weather derivatives & cat bonds, and all aspects of diligence, trading, structuring, dealing, and monitoring alternatives in a stand-alone portfolio and as part of a larger investment strategy.

MEMBER BENEFITS

Investors join CAASA to be a part of a formal network of pension plans, foundations, endowments, sovereign wealth funds, and family offices to discuss ideas, strategies, and operational issues particular to their businesses – all within a closed group where managers and service providers may or may not be included, depending on the forum.

Managers see the association as a way to connect with peers, investors, and service providers to speak to fund structuring, sales & marketing, and regulatory issues. While CAASA is not a capital introduction platform, we do create forums where investors and managers can meet organically or via structured meeting sessions, such as at this conference, where participation by the investors is strictly opt-in.

Service Providers participate in our events and working groups as well as assist in the production of thought leadership pieces which provide relevant information to both association members and the industry and investing public at large.

Start-up Founders a category opened in Summer 2020, have a growing list of services and events tailored to their path to growth, including our Start-Up Round-Up held throughout the year.

NATIONAL AND GLOBAL

CAASA believes that the Canadian alternatives industry has a great deal to offer Canadians and the global community. The Canadian Model of Pension Management is well-known for its significant allocations to alternatives, managed in-house in many cases with substantial allocations to external managers as well.

Canadian investment managers operate in a robust regulatory regime (of hedge fund managers) that is becoming the norm across the globe and a stable banking back-drop that provides solace for investors as well as opportunities for managers. Of course, Canadian investors and managers are keen to learn of best practices in operations and portfolio management from their global peers.

OUR MEMBERSHIP

WE HAVE AN ALL-YEAR MEMBERSHIP DRIVE

Over the last year we have exceeded our expectations for membership growth, which actually now stands at 295 members and with a fairly steady composition of ~30% investors, ~50% managers from all types of shops running many diverse alternative assets & strategies, and ~15% service providers - plus 34 start-up founders who may represent the next big companies in the world.

Our reach has increased over the last year or so as we stand at about 1 in ~4 members having no Canadian establishment (not even an employee or rep office stationed in the country) as many are seeing CAASA as their Canada play and making great use of our events and other initiatives to gain exposure to Canadian retail, HNW/family office, and/or institutional investors and/or asset managers. Of course, the

prevalence of non-Canadian investors, especially family offices, pension plans, foundations & endowments, as well as sovereign wealth funds makes it more than just Canada that we are delivering to these managers

As we progress, we will be focused on Canada and our market but also live up to our motto of bringing Canada to the world and the world to Canada - and welcome more non-Canadian members of all types.

The benefit to all members is the value of this network that begets larger audiences and more diverse panels and events than any other.

Intermediary investors means Multi-family offices and investment consulting companies and +1 means the first delegate is gratis but each additional delegate attracts a small charge. Manager, investment advisor and service provider delegates must be CAASA members in good standing and pay the requisite per person fee for their appropriate category. Core service providers include prime brokers, fund administrators, accounting and legal firms.

COMPLIMENTARY SPONSOR EXPOSURE ITEMS

All conference sponsors are eligible to receive, without additional cost, the following exposure items at our in-person conferences (as applicable to the program and venue capacity/capabilities):

These exposure items are apportioned on a first-come basis to members as they commit to sponsoring the event. Platinum Sponsors have first call on any remaining item from when they commit to that level of sponsorship and Gold Sponsors have next call on any remaining item once Platinum Sponsors have had their turn. (Gold Sponsors will receive their option at least one month prior to the event, in any case.) Choice of exposure items then goes to other sponsors in the order in which the committed to the conference.

When a speaker might be keynote during a meal, sponsorship does not include any sort of speaking (intro, thanks, moderation, nor presentation) by the member. Their attachment to the timing will be mentioned and, as applicable, acknowledged visually but that is it.

- Lunch
- Afternoon Break
- Evening Reception (may include wine-tasting or the like)

CAASA PAPERS / PRIMERS

\$3,000

As you might recall – and possibly participated in – we have produced numerous CAASA Primers over the last 6 years. These were foundational pieces, meant to get readers up the curve in a variety of alternative areas of interest and we've had great reviews from participants and readers. Recent ones have been more thematic, which has allowed a more expansive narrative.

Distribution of soft copy on CAASA website, social media, email info packages to prospective members. Printing of 1,000 copies of to be distributed in info-packages at our 5-10 annual conferences + the 30+ that CAASA staff attend (and/or speak at) globally each year.

CAASA MEMBER DIRECTORY

Sponsorship Opportunities

Full Page Advertisement

\$1,000

**Directory Sponsor
Cover Page Logo and Full
Back Cover Advertisement**

\$5,000

As you are likely aware, CAASA prints and distributes a program for each conference, complete with the agenda, speakers, sponsor advertisements and, until now, our member directory.

With our organizing two flagship conferences and seven one-day conferences each year, the membership directory is constantly changing (new members every week!), and the environmental impact of additional pages dedicated to the member directory for every conference, we decided to split the document.

Our conference programs will be supplemented by our bi-annual Member Directory: as of the end of March, before the Family Office Summit, and the end of October, before the CAASA Annual Conference.

All members will be displayed in the directory and this also brings an opportunity to those who want a larger presence and promote their offering for our members and the public with the option to have a full page advertisement or be the directory sponsor!
